Notes for those intending to request assistance

The Broseley Wood Charity is a small charity with the capacity for only limited annual assistance. The trustees are not permitted to award grants for matters normally funded by public funds, and it is important to bear this in mind when completing the application form. Applications can only be accepted from individuals and groups based in the parishes of Broseley, Barrow and Benthall. Any grant awarded is at the discretion of the Trustees of the charity.

The trustees usually hold two meetings a year to award grants, in early September and early March, although applications can be accepted at any time of year.
