

# **Broseley Wood Charity**

(Charity No: 512467)

## **Notes for those intending to request assistance**

The Broseley Wood Charity is a small charity with the capacity for only limited annual assistance. In view of this the trustees will be looking to fund, or help fund, specific elements (books, materials, clothing, equipment etc.) needed for a course rather than general expenses, or costs normally funded by public funds, and it is important to bear this in mind when completing the application form. Applications can be made to help cover the cost of a necessary item already purchased.

The next meeting at which the trustees will consider applications will be in early September so we should, if possible, receive such applications by the end of August.
